VERSION WITH MARKINGS TO SHOW CHANGES MADE

In the claims:

Claims 1-2 are amended, claims 9-22 are cancelled, and new claims 23-34 are added, the changes being made without prejudice.

1. (Once amended) A process for mixing of one or more concentrates in a vending machine having a mixing chamber to form a product, wherein

[(i)] a. one or more concentrates and/or one or more diluents are mixed together in [a] the mixing chamber to form [a] the product prior to dispensing the product; and

[(ii)] b. the product is dispensed from [said] the machine into a storage container, the product being selected from cleaning products and detergents.

2. (Once amended) The process according to Claim 1, wherein the process comprises [a further step (iii) comprising] a flush cycle with one or more diluents in order to clean the mixing chamber and/or one or more dispense points on the vending machine prior to re-use.
